

WYAMONSHI MOUNTAINS

1998

1. The first part of the trip was very good. We saw many beautiful views of the mountains and the surrounding area. The weather was perfect for a hike. We saw many interesting plants and animals. The people we met were very friendly and helpful. We had a great time and we will definitely go back soon.

2. The second part of the trip was also very good. We saw many beautiful views of the mountains and the surrounding area. The weather was perfect for a hike. We saw many interesting plants and animals. The people we met were very friendly and helpful. We had a great time and we will definitely go back soon.
